Vikas School Project - Just a note to say a thank you...

Dear Sir/Madam

We are very happy to greet all YMCA members, friends and well-wishers of VIKAS Special School, Tiruvalla on this momentous occasion. God has wonderfully led us through His ways to realize our dream of providing land for the construction of necessary infrastructural facilities for the VIKAS school. The school is completing 21 years of fruitful service to our community and at this very crucial moment in its history, Tiruvalla YMCA took up the challenging task of procuring enough land for the development of the school. We at the YMCA, firmly believe that it is our Christian responsibility to serve our less privileged brethren and to alleviate the misery of the hapless mentally challenged children around us, most of them from the families below poverty line.

Trusting in God Almighty and benevolence of our people, this very ambitious project was launched. The generous help of the members of the YMCA together with the unstinted support and co-operation of the well-wishers of VIKAS School, about one crore rupees was raised to procure 1.43 acres of land at a very convenient and serene location not too far from Tiruvalla town. We are very happy to place on record the great response we received from all sections of the society cutting across the barriers of distance, caste, creed and colour. We gratefully acknowledge your help, support and kind contribution to this worthy and noble cause and thank you from the bottom of our heart.

The next phase of the project is on. The campus has to be developed and the construction of the buildings are to be undertaken without delay. God willing, the foundation stone for the project would be laid on 3rd November, 2013. We earnestly wish and desire your presence on the occasion. If you are unable to attend, please hold the project in your prayers and be kind enough to visit the VIKAS school and the project area when it is convenient to you. Please find the invitation letter of the programme enclosed herewith.

Thanking you,

Yours sincerely,

Biju Lankakagiri
